PARTS, BLADES & LOGGING TOOLS

154 items in stock

We stock 154 parts and tools for the machines we sell - sawmill blades, processor chains and wear parts, chipper knives, conveyor components, cant hooks, peaveys and lifting tongs. From \$4 to \$845. The full parts store is on the website, or call and we will pull it off the shelf.

HOW BUYING WORKS

1. RESERVE IT WITH A DEPOSIT

Pay the deposit by card and the machine is yours - held on the lot, or ordered in for you. That is the only card payment you make.

2. WE GET IT READY

In-stock machines are prepped and checked. Ordered machines come in on the lead time quoted, and we keep you posted.

3. SETTLE UP WHEN IT SHIPS

We invoice the balance before pickup or delivery, by e-transfer or cheque. Freight, if any, is quoted before you commit.

CHANGED YOUR MIND?

Deposits are refundable in full within 7 days. After that we only hold back costs already spent on your order. Machines built to your specification may be non-refundable once the order is placed with the manufacturer - we always tell you before that happens.
